

FUN FACTS

ONTARIO'S FRUITS AND VEGETABLES

GROWERS

There are over 3500 fruit and vegetable growers across Ontario.

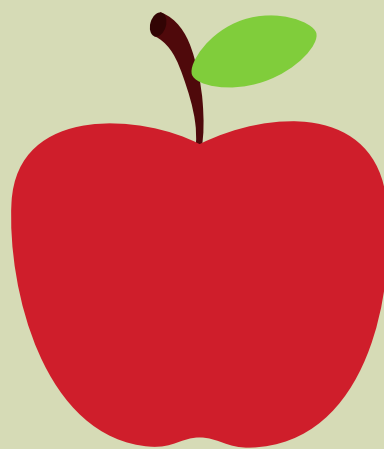

In total, there are nearly 100,000 jobs along the fruit and vegetable supply chain.

WHAT'S GROWN IN ONTARIO?

More than 125 different crops grown in fields, orchards and greenhouses. This includes apples, peaches, carrots, asparagus and so much more!

GREENHOUSES

Ontario has the most vegetable greenhouses in Canada, covering almost 4,000 acres - or about 10,000 Canadian hockey rinks.

APPLES

Ontario is Canada's largest apple-producing province, growing about 35% of the country's apples.

Through research and innovation, plant breeders are constantly developing new fruit and vegetable varieties that will grow well in the Canadian climate.
